

## REMARKS

By this amendment, the specification has been revised and drawings are submitted concurrently herewith to place this application in condition for allowance. Currently, claims 1-9 are before the Examiner for consideration on the merits.

In the Office Action, the Examiner raised two issues, one concerning the layout of the specification and the other one concerning the Draftperson's objections to the drawing.

In response to the objection to the specification, the specification has been amended to include the proper headings. In addition, a brief description of the drawings has been included under the added Brief Description of the Drawings heading.

Formal drawings are submitted under a separate letter to the draftsperson. Regarding the drawings, Figures 6, 8, and 9 have been canceled from the application, thus leaving original Figure 7 renamed as Figure 6. The specification has also been revised to remove reference to Figures 6, 8, and 9, and to replace reference to original Figure 7 with reference to it as Figure 6. Applicant submits that the details in Figure 7 provide sufficient information for purposes of 35 USC 112, and cancellation of Figures 6, 8, and 9 should be permitted. The Examiner is respectfully requested to telephone the undersigned if there is a problem with this amendment to the application. Moreover, the submission of the formal drawings made herewith is believed to overcome the objection made by the draftsperson.

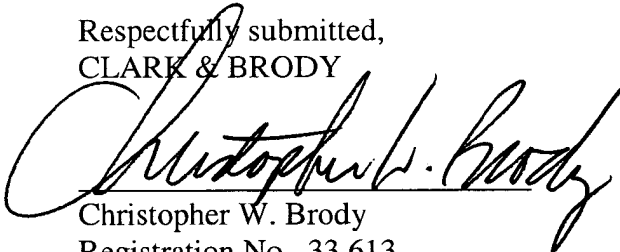

With the corrected specification and submission of drawings, and indication that the claims are in condition for allowance, Applicant submits that this application should be passed onto issuance. Again, the Examiner is invited to telephone the undersigned if any outstanding issues still remain.

The above constitutes a complete response to all issues raised in the Office Action of September 14, 2004.

Again, reconsideration and allowance of this application is respectfully requested.

Please charge any fee deficiency or credit any overpayment to Deposit Account No. 50-1088.

Respectfully submitted,
